How did you find out about the Stupid Creatures™?

Let's design your creature now. Please order only one (1) creature per form. Print or copy additional forms for extra creatures.

**THE BASIC STUPID CREATURE** has everything it needs to survive in today's modern world. You get a head with a mouth, your choice of a tongue sticking out or a pair of buck teeth, up to 3 eyes, 2 ear/horn things, a body and 4 limbs. The checklist below will tell us how you want your creature's basic features arranged, and the general theme you want for your creature. Extra body parts and features can be requested using the menu to the right.

## PLEASE STATE YOUR PREFERENCES REGARDING:

### Limb configuration:

4 limbs per Basic Stupid Creature. Extra limbs can be requested on the menu to the right.

I want my creature upright like a person.  I want my creature down on all limbs like an animal.

### Body Type:

I want my creature to live... (This determines what kind of limbs/horns/ears it gets.)

on land  underground  in a tree  in the air  under the sea  in outer space

Or if there's an animal from which we should draw inspiration, please specify on the next line.

### Eyes:

I want 1  2  3  eyes on my creature. Extra eyes can be requested on the menu to the right.

Please use child safe doll eyes

Please use buttons for eyes. (You must read and check the next bubble.)

I understand that buttons can present a choking hazard to children or to any person or animal prone to gnawing on things, and I do not hold The Stupid Creatures Toy Company or its owner responsible if someone/something chokes and/or dies on a creature I ordered.

**In its mouth:** Pick one. Extra mouth features can be requested on the menu to the right.

I prefer a pair of buck teeth for my creature.  I prefer a protruding tongue for my creature.

I don't want anything poking out of my creature's mouth.

### Socks Preference

The socks and/or fabric I want you to use are included with this form.

Surprise me! Pick socks from your collection. (You must read and check the next bubble.)

I understand that if I choose to be surprised, my favorite colors and patterns cannot be not guaranteed. I understand that toe socks are not regularly stocked.

\***Accessory:** (not included in basic package). Specify item such as purse, overalls, dress, or what have you. Be kind of general.

**Shipping** We use USPS priority mail or the quickest overseas method we can get.

Add the proper amount to the shipping line in the pricing table to the right

Continental United States: \$9.50, or \$6.00 if shipped with another creature

Alaska or Hawaii: \$12.00 or \$8.00 if shipped with another creature

Overseas: \$25.00 or \$16 if shipped with another creature

Pick it up yourself: \$0.00.

**Fine Print:** I am ordering a stupid creature because I like their creativity and uniqueness. I understand that my creature will be made to order, as is possible, with a degree of artistic license, and I will not seek compensation if the creature I receive is different from my expectations or is otherwise displeasing to me. I realize that in some situations, extra material may be required to produce the body features I have requested, and this material will be chosen for me. I will not seek compensation or a refund for any part of my order if this material is displeasing to me. I know that my stupid creatures order is going to kick ass so this part of the waiver doesn't bother me. I am serious about my order, I want this order, and I understand that if any balance on my order is not paid within 30 days of being billed, I forfeit my deposit and the creatures will be sold at the artist's discretion.
